<h2>COMPLAINTS</h2>

COMPLAINTS

BACKGROUND

An effective complaints and grievance management system confirms to educators, staff members, children, families and the community that complaints and grievances are taken seriously and investigated promptly and thoroughly. The principles of natural justice and procedural fairness will be applied when managing complaints.

Under the Education and Care Services National Law, the Approved Provider has a legal responsibility to notify the Regulatory Authority of certain matters within a stated time frame. One of these matters is where a complaint is made in relation to either of the following:

- a complaint alleging that the safety, health or wellbeing of a child was or is being compromised
- that the law has been breached.

Complaints of this nature are to be identified at a site as 'notifiable complaints' and the Approved Provider must inform the Regulatory Authority within 24 hours.

The following details are required in the notifiable complaint report:

1. Date complaint received
2. Complainant's name and contact details
3. Name of child/children to whom complaint relates (if relevant)
4. Copy of written complaint (or written summary) and any other relevant documentation (including correspondence, photographs, statements)
5. Steps taken/actions planned by the site in response to the complaint.

For any service operating on a school site, the school principal or nominee, as line manager of the OSHC director, should be informed when there are complaints.
